NOTICE OF RETURNED CHECKS

Effective May 1, 2004 Lincoln Public Schools implemented a new bad check program for all checks returned by the bank. For each returned check, the person will be required to pay Lincoln Public Schools a service fee of \$20.

THE IMPORTANT INFORMATION BOOK

This handbook is intended to be used by students, parents and staff as a guide to the rules, regulations, and general information about Lincoln Public Schools. Each student is responsible for becoming familiar with the handbook and knowing the information contained in it. Parents are encouraged to use this handbook as a resource and to assist their child in following the rules contained in this handbook.

Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise during any school day, or school year. This handbook does not create a "contract." The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well being of all students. The administration will be responsible for interpreting the rules contained in the handbook. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations. The information provided in this book is subject to change without notice. If you have any questions or concerns please feel free to call 436-1000 or the individual department phone number listed at the beginning of each section.

August, 2007

Dear Parents, Guardians, and Families:

Welcome to the 2007-08 school year at Lincoln Public Schools!

Today each and every one of you will become an important part of the Lincoln Public Schools family, and we are so glad you are joining us. Lincoln Public Schools is a dynamic, learning-oriented, and student-centered School District – a School System we believe is the finest in Nebraska and among the very best in the nation.

Our District has been recognized nationally by *Expansion Management* as a “Blue Ribbon” School District with high standards and academic achievements. In addition, LPS has been selected by the SchoolMatch organization for the “What Parents Want Award!” We are proud of these awards because they are indicative of a District that seeks to provide each child with the opportunities to succeed and to work collaboratively with families to reach this common goal.

The dedicated, talented employees at Lincoln Public Schools are among the best and the brightest and most dedicated. They are professionals who are committed to our community’s children and who work together each and every day to provide a well rounded and quality education for all our students. Teachers, support professionals, principals, and administrators are here to pass on the joy of learning, sending their students on an odyssey of discovery, curiosity, and wonder.

Lincoln has a long, rich legacy of excellence in education. People here believe fiercely in Lincoln’s schools, taking pride in our nationally acclaimed staff and our extraordinary student achievement. Every year our community expects more for our students. This year Lincoln Public Schools will serve more than 33,300 students at 61 different schools and programs. We will educate them all, and we will educate them well.

Our students are tomorrow’s leaders. We recognize the importance of providing a well rounded education – academically, emotionally, and socially – in a safe, secure and student-centered environment. Lincoln’s children receive the kind of instruction that enriches their lives and prepares them to be citizens of the world.

We ask that you join us in providing your children – OUR children – the very best opportunities for success. Working together, we will ensure Lincoln Public Schools is a place your children learn, grow, and succeed.

Sincerely,

Keith A. Prettyman, President
Lincoln Board of Education

E. Susan Gourley
Superintendent of Schools

LINCOLN BOARD OF EDUCATION (436-1601)

The Lincoln Board of Education is committed to providing the highest quality education for all students in Lincoln Public Schools. The Board sees the primary mission of the schools to be the development of responsible adults:

- who are productive citizens of a pluralistic community, nation and world;
- who are prepared to learn throughout their lives; and
- who are appreciative of the arts, history and culture.

As the elected governing body of the school district, the Board believes in sharing its decision-making processes with parents, students, other citizens and staff members. Board Members are elected by district to four-year terms and serve without pay.

Board meetings are normally held on the second and fourth Tuesday of each month. Both meetings are held at 7 p.m. and are held in the Board Room of the Lincoln Public Schools District Offices, 5901 O Street.

Opinions may be expressed to the Board in writing, and will be distributed to Board Members.

Written comments to the Board may be addressed to:

Lincoln Board of Education
Lincoln Public Schools
 P.O. Box 82889
 Lincoln, NE 68501

All formal actions are taken at regular Board meetings. Anyone interested in commenting on an item on the agenda may do so at the beginning of the Board meeting. Anyone wishing to address the Board on any matter will have an opportunity to do so at the conclusion of each meeting.

All Board meetings are televised live on cable channel 21. All meetings are rebroadcast the following Friday at 7 p.m. and Sunday at 4 p.m. on cable channel 21.

ATHLETIC DEPARTMENT (436-1811)

Intramural & Interscholastic Athletic Participation Guidelines

INTRAMURAL PROGRAMS

Intramural programs are authorized under the following philosophy: The goal of the intramural program within the Lincoln Public Schools is to offer activities that encompass the interests and needs of all students. The activities involved stem from skills taught in the physical education classroom or from special interests of students. The program provided is intended to provide for a variety of activities with carry-over value for students in everyday life.

The organization of intramurals is in supervised team, individual, or group activities in which students in a school participate or compete voluntarily.

INTERSCHOLASTIC ATHLETIC PROGRAMS

The interscholastic athletic program of Lincoln Public Schools is considered an integral part of the total educational program. Pupils participate of their own accord and with parent's knowledge and consent.

If the student, parents or coach feels the student is not in good physical condition, participation will not be permitted. If there is a question regarding participation, the school principal and/or athletic director should be notified of the student's physical condition.

In case of injury received either in practice or in a game, only temporary first aid will be provided. The school cannot perform or be held responsible for any required medical attention, nor can it assume or be liable for loss or damage suffered because of injury to pupils. If a parent or family physician cannot be located in case of an injury, Lincoln Public Schools staff is authorized to use their best judgment in obtaining competent medical care and service. Parents are obligated to pay for professional medical and/or related services; the school shall not be liable for the payment of such services. Insurance coverage is recommended for all participants at parents' expense. **PARENTS ARE URGED TO PURCHASE THE ACCIDENT COVERAGE THEY PREFER.** (Please see the *Student Accident Insurance section in this book if you need to purchase insurance coverage.*)

An annual physical examination is required each year after May 1 by the Board of Education and the Nebraska School Activities Association. Each student who participates in any phase of the interscholastic athletic program must have an annual physical examination after May 1 of each year.

This certifies that the athlete is qualified for the entire school year. Physical Examination Reports, Parents' Consent Record, Emergency Information Report forms and Parent/Student Letter should be completed and returned to the school athletic director. Physical exam reports will be recorded on the nurse's permanent school health record. All other forms will be filed in the office of the school athletic director. These forms are available from the athletic director or school office. Lincoln Public Schools does not accept a physical examination completed by a chiropractor for participation in interscholastic athletics.

A list of conduct which would result in suspension from practices, participation in interscholastic competition or in co-curricular activities is available in all secondary schools or in the LPS Athletic Director's Office, 436-1811.

WARNING

The purpose of this **warning** is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains to more serious injuries to the body's bones, joints, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with the best coaching, the use of the best protective equipment and strict observance of the rules, injuries are still a possibility.

TRANSFERS

A student enrolled in a high school will have their eligibility credited to that high school. Any subsequent transfer to another school, unless there has been a change in domicile by his/her legal parents, shall render the student ineligible for varsity competition for 90 school days.

Transfer students who have their Enrollment Option applications signed and filed prior to March 15 shall be eligible immediately in the fall. Those students who do not have their Enrollment Option applications signed and filed prior to March 15 shall be ineligible for ninety school days, with such transfers being subject to hardship rules.

Visit us on the Web at: www.lps.org

ATHLETIC DEPARTMENT CONTINUED (436-1811)

Other non-enrollment option transfer students must have signed and delivered all forms necessary to make such transfer to the school in which he/she intends to enroll for the next school year prior to March 15; for the student to be eligible, the school to which the transfer is being made must have notified the NSAA office in writing, postmarked no later than March 15. Those students who did not have their enrollment forms

signed, delivered and accepted prior to March 15, shall be ineligible for ninety school days, with such transfers being subject to hardship waiver guidelines.

ACTIVITY/ATHLETIC RECRUITING

Any communication, either written or verbal, directed to the student and/or parent/guardian, in an effort to persuade them to attend a school outside of their attendance area, shall be considered undue influence upon the school selection decision-making process of a student or parent/guardian. Undue influence exerted by any Lincoln Public Schools employee, volunteer sponsor or volunteer coach shall constitute an attempt to recruit. Any Lincoln Public Schools employee, volunteer sponsor or volunteer coach found to be recruiting will be disciplined accordingly.

Age Limitation & Academic Requirements for Interscholastic Athletic/Activity Participation

AGE LIMITATION _____

No student shall be eligible for interschool competition who has attained the age of 19 years except as follows: A student who becomes 19 years of age on or after August 1 shall be eligible on the basis of age until the end of the current school year.

ACADEMIC REQUIREMENTS _____

A student in grade seven or eight who reaches age 15 prior to August 1 may participate on a high school team.

All students who choose to participate in activities or athletics for which a stipend is provided to teachers,

sponsors or coaches, are required to maintain at least the following **minimum** standard:

- a) have on school record credit for 20 hours of school work for the immediate preceding semester prior to participation. Students enrolled in schools with modular scheduling are required to be enrolled in a minimum of 15 credit hours per quarter and must have passed a total of 20 credit hours the previous semester; and
- b) be taking 20 credit hours of instruction per week during the semester of participation (modular scheduling is 15 credit hours per quarter). In the case of unusual circumstances, the participant, guardian or representative may discuss the matter with the appropriate school personnel and seek a waiver from this regulation.

Individual high school requirements may vary. Please check with the school you will be attending for their requirements.

In the case of alleged infraction of this regulation the participant may be suspended from practice, participation in co-curricular activities of a selected class or interscholastic competition. In any case, the due process procedures adopted by the Lincoln Board of Education will be followed.

A list of the classes, activities or athletics to which this regulation applies is available from the LPS Athletic Director, 436-1811.

COMMUNICATION SERVICES (436-1610)

Communications

Community News (formerly *Free Times*) is a publication distributed each month to Lincoln Public Schools elementary and middle school students and to the entire community three times a year. It is a monthly guide for students and parents to meaningful activities available through non-profit community agencies in Lincoln. *Community News* is a self-supported publication. For more information about *Community News*, contact Communication Services at 436-1610.

EdNotes is an electronic newsletter about Lincoln Public Schools for District employees and interested community members. *EdNotes* features pictures and articles about issues facing the Board of Education, curriculum, instruction, student activities and staff recognition.

Educational programming produced or sponsored by Lincoln Public Schools is aired on cable channel 21. A variety of programs, topics and activities are featured.

Smoke-Free Environment

Lincoln Board of Education policy declares all Lincoln Public Schools buildings and grounds smoke-free.

The District has created the smoke-free environment in an effort to send a healthy message to Lincoln's more than 31,000 students.

We would appreciate your help in meeting the goal of a smoke- and tobacco-free environment for Lincoln's children. When you attend school events, including athletic events, please remember that our grounds are smoke- and tobacco-free and abide by our Board's policy. Seacrest Field, Den Hartog Fields and individual school athletic fields are included in the smoke-free environment.

Severe Weather Policy

The Superintendent of Schools is authorized by the Lincoln Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly by radio and television stations.

DECISION TO CLOSE SCHOOLS

A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. If possible, a decision about the next school day will be made by 9 p.m. for announcement during the 10 p.m. news. In addition, the

District will place an announcement of school closings as soon as possible on the LPS Web site – www.lps.org.

An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, **an announcement will be made to the news media when schools will be closed.** In some instances, schools will be open, but certain services may be cancelled (bus transportation, kindergarten, student activities).

Announcements about other Nebraska school closings are included in Lincoln radio and television broadcasts. Students and parents will want to pay special attention to which public school district is being closed.

AFTER SCHOOL STARTS

Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given to parents. If school is closed during the day the notice will be broadcast by the media and **parents should have a plan in place to accommodate these circumstances.**

PARENTAL DECISIONS

Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

WHAT NOT TO DO

Parents should not attempt to come to school during a tornado warning. **School officials are not permitted to release students from the school building during a tornado warning.** Tornado safety procedures are practiced regularly by students and staff members.

Also, parents are urged not to call radio and television stations and school buildings during severe weather. Every effort will be made to provide accurate and timely information through the media.

COMMUNICATION SERVICES CONTINUED (436-1610)

It is the practice of Lincoln Public Schools that schools remain open in inclement weather whenever possible. Parents may decide to keep their children home during inclement weather even if schools have not been closed by the superintendent.

The Superintendent recognizes that weather throughout the city and student transportation options may vary making it necessary for parents to make the final decisions regarding whether their children will attend school.

Students whose parents notify school that they will be staying home due to inclement weather will have an excused absence.

For more information, call 436-1000.

LPSDO Telephone Contacts

LPS officials always urge families and parents to begin with the classroom teacher or appropriate specialist for their questions and concerns.

If a parent or guardian is not satisfied after talking with teachers and specialists, then they should contact the school administrators to discuss the issue.

Finally, however, if parents have gone through all the levels at a school and are still not satisfied, they might need to go further and contact someone at LPS District Offices, located at 5901 O St. To help find the appropriate contact, here is a simple guide to help you work your way through the system at LPS District Offices.

HEALTH SERVICES (436-1655)

Student Health Information

STUDENT ILLNESSES

School health personnel will notify parents when a student needs to be sent home from school due to illness. Conditions requiring a student be sent home include: Temperature 100°F. or greater, vomiting, diarrhea, unexplained rashes, live head lice, or on determination by the school nurse that the child's condition prevents meaningful participation in the educational program, presents a health risk to the child or others, or that medical consultation is warranted unless the condition resolves. Please include emergency daytime phone numbers on your child's enrollment card so that you can be reached if your child becomes ill or injured while at school.

Please inform your school health office staff of health-related information you feel is important for your student's success in the classroom and/or safety at school.

GUIDELINES FOR ADMINISTERING MEDICATION

Parents/guardians must provide a signed written consent for the child to be given medication at school prior to medication being given. **A consent form is included in the back of this booklet.**

Medications must be provided to the school by the parent/guardian in the pharmacy-labeled or manufacturer-labeled bottle. Repackaged medications will not be accepted. Medications also require a physician's authorization to be given at school. Please limit the amount of medication provided to the school, to a two-week supply.

EMERGENCY MEDICATIONS

As required by state law, Lincoln Public Schools has in place an *Emergency Protocol*, which calls for the administration of medications (epinephrine by injection and albuterol by inhalation) in the event of **life-threatening** allergic reaction or asthma. The protocol is administered by

HEALTH SERVICES CONTINUED (436-1655)

trained personnel, with oversight by physicians on the District Medical Advisory Committee. In every emergency, efforts are made to contact parents/guardians immediately, so it is important to make sure this information is kept up to date in the school office. Please contact the school nurse for more information about the protocol.

Students in Lincoln Public Schools with the diagnosis of asthma or severe allergy may be permitted to carry inhalers or Epipens® for self-administration. Authorization to do so is coordinated by the school nurse and requires parental/guardian as well as physician consent. Students with diabetes may carry glucose sources and other supplies for self-treatment when authorization is in place to do so. For more information about the management of these and other health concerns in the school setting, parents/guardians are encouraged to contact the school nurse assigned to their child's building.

SCHOOL HEALTH SCREENING

Nebraska statute requires school-age health screening. Children in preschool and kindergarten through third grade, sixth and ninth grade are screened for vision, hearing, dental defects, height and weight. The screening program also incorporates blood pressure and scoliosis (spinal curvature) screening at the sixth and ninth grades. Students entering the Student Assistance Process at any grade level, and those about whom health concerns are identified to the school nurse, may also be screened. Parents are notified of any health concerns as they are identified. Parents who do not wish their child to participate in the school health screening program must provide screening results from a medical provider, dated no earlier than May 1 of the current calendar year, by December 1.

PHYSICAL EXAMINATION

Evidence of a physical examination by a qualified physician is required within six months prior to the entrance of the child into Early Childhood classes, kindergarten and the seventh grade or in the case of transfer from out of state to any other grade. A parent or guardian who objects must submit a written statement of refusal for his or her child. The statement will be kept in the student's file. Waiver forms are available in the school health office. Additional physical exam requirements may apply for athletic participation.

VISUAL EVALUATION

New for 2006-2007 school year. Evidence of a visual evaluation by a physician, a physician's assistant, or an advanced practice registered nurse within 6 months prior to the entrance of the child into the beginner grade or, in the case of a transfer from out of state, to any other grade. No

such examination shall be required of any child whose parent or guardian objects in writing.

GUIDELINES FOR HEAD LICE

IN ORDER TO:

- Better control a nuisance condition;
- Reduce absenteeism due to head lice; and
- Involve parents as partners with the school in control efforts...

1. Children will be sent home from school for live head lice. In the event the child has TWO cases of live lice in a semester, he or she will be sent home until free of both live lice and nits (eggs).
2. Health office staff will provide written treatment information and instructions, including how to check and identify head lice*.
3. A child who is sent home from school for head lice should miss no more than two school days.
4. A child who has been sent from school due to head lice must come to the health office for inspection before returning to class.
5. A child who returns to class with nits (eggs) will be checked again in 7-10 days.
6. Families are encouraged to report head lice to the school health office.
7. Individual buildings will perform classroom-wide or school-wide head checks as needed in order to control the condition at school.

**Nit removal will be emphasized for effective management of the condition.*

For more information call the nurse at your child's school or Department of Student Services, Office of Health Services, 436-1655.

IMMUNIZATION REQUIREMENTS

Students must show proof of immunization upon enrollment in Lincoln's public schools. Any student who does not comply with the immunization requirements will not be permitted to continue in school. Students with medical conditions or sincerely held religious beliefs which do not allow immunizations must complete a waiver statement which is available in school health offices.

Unimmunized students may be excluded from school in the event of a disease outbreak.

June 2007

Dear Lincoln Public Schools Parent and Student:

The Nebraska legislature has passed a law requiring school districts to adopt a policy on student fees. The Lincoln Board of Education adopted the following policy on May 22, 2007.

Attached is the Lincoln Public Schools "Student Fees Policy" and a description of programs/materials/supplies covered by the policy. A fee waiver application is included with the policy.

The student fees policy does not represent a major change for Lincoln Public Schools. The most significant change is the opportunity for students who qualify for free or reduced-price lunches to apply for fee waivers specifically for 1) participation in extra-curricular activities, and 2) use of a musical instrument in optional music courses. Completed applications should be returned to the principal's office of the school that the student attends.

If you have questions about this policy or about the application, please contact the principal of your student's school.

Sincerely,

A handwritten signature in cursive script that reads "Marilyn S. Moore".

■ Student Fees Policy

STUDENT FEES POLICY 5520

The Board of Education of Lincoln Public Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fees Authorization Act.

The district's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution and state and federal law. This generally means that the district's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction without charge or fee to the students.

The district does provide activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the district's efforts to provide such activities, programs, and services.

The district's general policy is to continue to encourage and, to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the district.

Under the Public Elementary and Secondary Student Fee Authorization Act, the district is required to set forth in a policy its guidelines or policies for specific categories of student fees. The district does so by setting forth the following guidelines and policies. This policy is subject to further interpretation or guidance by administrative or Board regulations which may be accepted from time to time. The policy includes Appendix "1," which provides further specifics of student fees and materials required of students for the 2007-2008 school year. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

1. Guidelines for Non-specialized Attire Required for Specified Courses and Activities

Students have the responsibility to furnish and wear non-specialized attire meeting general district grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses, and activities in which the students participate when the required attire is specified in writing by the administrator or teacher responsible for the program, course, or activity.

The district will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial technology, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding, or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiation, or other similar hazards. Building administrators are directed to assure that such equipment is available in the appropriate classes and areas of the school buildings, teachers are directed to instruct students in the usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

2. Personal or Consumable Items and Miscellaneous

- a. Extracurricular Activities: Students have the responsibility to furnish any personal or consumable items for participation in extracurricular activities.
- b. Courses
 - i. General Course Materials. Items necessary for students to benefit from courses will be made available by the district for the use of students during the school day. Students may be encouraged, but not required, to bring items needed to benefit from courses including, but not limited to, pencils, paper, pens, erasers. A specific class supply list will be published annually in a board-approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain district property.
 - ii. Damaged or Lost Items. Students are responsible for the careful and appropriate use of school property. Students and their parents or guardian will be held responsible for damages to school property where such damage is caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student.
 - iii. Materials Required for Course Materials. Students are permitted to and may be encouraged to supply materials for course projects. Some course projects (such as projects in art and shop classes) may be kept by the student upon completion. In the event the completed project has more than minimal value,

DIVISION OF INSTRUCTION CONTINUED (436-1626)

the student may be required, as a condition of the student keeping the completed project, to reimburse the district for the reasonable value of the materials used in the project. Standard project materials will be made available by the district. If a student wants to create a project other than the standard course project, or to use materials other than standard project materials, the student will be responsible for furnishing or paying the reasonable cost of such materials for the project.

- iv. **Music Course Materials.** Students will be required to furnish musical instruments for participation in optional music courses. Use of a musical instrument without charge is available under the district's fee waiver policy. The district is not required to provide for the use of a particular type of musical instrument for any student.
- v. **Parking.** Students may be required to pay for parking on school grounds or at school-sponsored activities and may be subject to payment of fines or damages for damages caused with or to vehicles or for failure to comply with school parking rules.

3. Extracurricular Activities—Specialized Equipment or Attire

Extracurricular activities means student activities or organizations which are supervised or administered by the district, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the district.

The district will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The district is not required to provide for the use of any particular type of equipment or attire. Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading, and music/dance activity (e.g., choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves, and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouthpieces, and the like) are the responsibility of the student participant. Students have the responsibility to furnish personal or consumable equipment or attire for participation in extracurricular activities or for paying a reasonable usage cost for such equipment or at-

tire. For musical extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

4. Extracurricular Activities—Fees for Participation

Any fees for participation in extracurricular activities for the 2007-2008 school year are further specified in Appendix "1."

Admission fees are charged for extracurricular activities and events.

5. Postsecondary Education Costs

Students are responsible for postsecondary education costs. The phrase "postsecondary education costs" means "tuition and other fees only associated with obtaining credit from a postsecondary educational institution." For a course in which students receive high school credit and for which the student may also receive postsecondary education credit, the course shall be offered without charge for tuition, transportation, books or other fees, except tuition and other fees associated with obtaining credits from a postsecondary educational institution.

6. Transportation

Students are responsible for fees established for transportation services provided by the district as and to the extent permitted by federal and state laws and regulations.

7. Copies of Student Files or Records

The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian, or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

8. Participation in Before-and-After-School or Pre-kindergarten Services

Students are responsible for fees required for participation in before-and-after-school or pre-kindergarten services offered by the district, except to the extent such services are required to be provided without cost.

Students are responsible for fees required for participation in summer school or night school. Students are also responsible for fees charged for correspondence courses.

it was collected from students. Funds subject to the Student Fee Fund consist of money collected from or on the behalf of students for: (1) participation in extracurricular activities, (2) postsecondary education costs, and (3) summer school or night school.

10. Breakfast and Lunch Programs

Students shall be responsible for items which students purchase from the district’s breakfast and lunch programs. The cost of items to be sold to students shall be consistent with applicable federal and state laws and regulations.

Students are also responsible for the cost of food, beverages, and personal or consumable items which the students purchase from the district or at school, whether from a “school store,” a vending machine, a booster club or parent group sale, a book order club, or the like. Students may be required to bring money or food for field trip lunches and similar activities.

11. Waiver Policy

The district’s policy is to provide fee waivers in accordance with the Public Elementary and Secondary Student Fee Authorization Act. Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free-lunch program or reduced-price lunch program is not required to qualify for free or reduced-price lunches for purposes of this section. Students or their parents are encouraged to request a fee waiver prior to participating in or attending the activity, and prior to purchase of the materials, and the fee waiver must be submitted prior to the conclusion of the activity.

12. Distribution of Policy

The Superintendent or the Superintendent’s designee shall publish the district’s student fee policy in the Student Handbook or the equivalent (for example, publication may be made in an addendum or a supplement to the student handbook). The Student Handbook or the equivalent shall be provided to every student of the district, or to every household in which at least one student resides, at no cost.

13. Student Fee Fund

The School Board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate school district fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which

MULTICULTURAL OFFICE (436-1605)

Multicultural Advisory Committee

The Multicultural Advisory Committee (MAC) is a community-based committee created by the Superintendent to examine all ways to help the district in compliance with its Multicultural Policy.

If you are interested in being a member of the LPS Multicultural Advisory Committee, please call the Multicultural Office at 436-1605.

MULTICULTURAL POLICY

Multicultural education is the identification, selection and infusion of specific knowledge, skills and attitudes for the purpose of:

- affirming the culture, history and contributions that shall include but not be limited to African Americans, Asian

Americans, Hispanic Americans and Native Americans; and

- challenging and eliminating racism, prejudice, bigotry, discrimination and stereotyping based on race; and
- valuing multiple cultural perspectives; and
- providing all students with opportunities to "see themselves" in the educational environment in positive ways and on a continuing basis.

To promote and support multicultural education within Lincoln Public Schools, it shall also be the policy and practice of this district to create opportunities for all students to achieve academically and socially in an educational environment in which all students and staff understand and respect the racial and cultural diversity and interdependence of members of our society.

NUTRITION SERVICES (436-1747)

School Lunch Payments

WebSMARTT is the name of the district's cafeteria computerized, point-of-sale (POS) cash register system. WebSMARTT is used at all schools.

To access their account each student has their own personal pin number.

Money is deposited into the student's personal account (called a prepayment), and when food is purchased the computer subtracts the cost from the student's balance.

The money in the student's account can be deposited three ways:

- 1) for school breakfast and lunch meals only;
- 2) for school meals, snacks and seconds;
- 3) for cash only, to be spent as wished for breakfast, lunch, snacks and seconds.

A parent or guardian may indicate on their check or send a note how they want the money deposited in their student's account.

Deposits may also be made via the Internet. Log on to www.lps.org and click the 'buy student meals' link for more information.

A suggestion for the amount of prepayment would be \$38 for elementary students, \$42 for middle school students and \$45 for high school students. This would provide lunch meals for four weeks. For breakfast, an additional \$20-\$24 would be needed. More money would also be needed to purchase snacks and seconds.

Any amount of money may be deposited. Cash may also be used to pay for food at time of purchase.

Reduced price meals will continue to be 40 cents per lunch meal and 30 cents per breakfast meal.

The advantages of depositing money in an account are parents or guardians know where the money is going, faster service and a student doesn't have to carry money each day.

Students **must not lend** their personal pin number to other students. This would result in their account being charged and depleted.

Whether a lunch is free, reduced price or a paid meal, the cash register will show zero amount due as long as there is money in the account when needed.

Visit us on the Web at: www.lps.org

NUTRITION SERVICES CONTINUED (436-1747)

When a student's account gets down to the last few dollars the cashier will alert the student.

At any time the cashier may do a balance inquiry on a student's account and inform the student of their balance. Balances may also be viewed on the Internet site.

If a student runs out of money in their account, they will be asked to pay the balance due or not take snacks or seconds.

If a student, parent or guardian has questions or concerns about their account, please talk to the cafeteria manager.

Money in an account will be transferred from one school to another if a student changes schools within the Lincoln Public Schools during the school year.

All WebSMARTT account balances will be carried over to the next school year each year. Balances on WebSMARTT accounts at the end of the school year (whether credit or debt), will be in the students' accounts when they return to school. Money owed will be subtracted from the deposit made at the start of the school year.

Refunds are made only when a student moves out of the district. Money will only be refunded from WebSMARTT accounts according to the following two guidelines.

1. Current LPS students returning to Lincoln Public Schools for the next school year will not be eligible for a refund unless their year-end SNAP account balance is or exceeds \$20.00. **All refunds must be requested at the student's current school before the last day of school.**
2. After that, only students leaving Lincoln Public Schools will have their SNAP accounts refunded. The money will be refunded at Lincoln Public Schools District Office, 5901 O Street in the Accounting Department, starting the second week after school gets out. Any amounts not claimed by July 15, 2008 for students leaving Lincoln Public Schools will revert to the Nutrition Services Department.

Parents should closely monitor how much money they put into their student's account at the end of the school year to ensure the account balance over the summer isn't higher than they would like. Cash is always welcome.

Students who have left Lincoln Public Schools in one school year and return in another school year will have their former SNAP negative balance reinstated.

Charging: No snack foods or seconds may be charged. Parents are responsible for paying for their child's food.

Prepayments: Prepayments may be mailed to the school to the attention of the cafeteria manager. Write your child's personal pin number and name on the check. At the beginning of the school year prepayments can be made at your school's open house. Prepayments may be made before school at a designated time, or during breakfast and lunch serving times.

ONLINE WEB PAYMENT

Online Web payment is now available using a credit card or checking account. Visit www.lps.org and click on "Buy Student Meals" to set up your payment account. Nominal fees apply. Deposits take one business day to register if made before 8:00 p.m. After 8:00 p.m., two business days.

Free and Reduced Price Meal Application

VERIFICATION

Your eligibility may be checked at any time during the school year. School officials may ask you to send acceptable papers and/or documents which prove your child(ren) are eligible for free or reduced price meal benefits.

RISK MANAGEMENT (436-1760)

Student Accident Insurance

Lincoln Public Schools does not provide medical payments insurance for student injuries that occur at school or during school-related activities. However, LPS does make available the opportunity for parents to enroll their student(s) in an accident insurance program.

Brochures related to this program are available in the office of each school and also in the athletic office of each high school. If you are interested in securing more information about this program, please contact your school office/athletic office. Enrollment is direct with the company.

SPECIAL EDUCATION (436-1905)

Special Education Identification and Placement Procedure

WHAT DOES SPECIAL EDUCATION MEAN? _____

Special Education means specially designed instruction. Specially designed instruction means adapting as appropriate to the needs of an eligible child the content, methodology, or delivery of instruction to address the unique needs of the child that result from the child's disability and to ensure access to the general curriculum so that the child can meet the educational standards within the jurisdiction of the public school district or approved cooperative that apply to all children.

Special Education is provided at no cost to the parent, to meet the unique needs of a child with a verified disability, including classroom instruction, home instruction, instruction in hospitals and institutions, and instruction in physical education. The term includes travel training, vocational education, speech-language pathology, occupational therapy and physical therapy if the service consists of specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability.

HOW ARE STUDENTS WITH DISABILITIES IDENTIFIED? _____

Referrals are made by teachers or parents to a Student Assistance Team. The Student Assistance Team problem solves and recommends general education interventions prior to recommending formal evaluations. If a child does not respond adequately to the general education interventions, a multidisciplinary team evaluation may be conducted.

Parents must provide written permission to have their child evaluated. The request for permission will include a description of the action to be taken and a description of each evaluation procedure. Written statements showing the results of the evaluation and the reasons for placement in a special education program must be kept on file. Within 30 days after a student has been verified as having a disability, a conference will be held with parents. Advance notice will be given. At the conference, an Individual Education Program (IEP) will be developed.

STUDENTS WHO MAY BENEFIT _____

A student verified as having autism, behavior disorder, developmental delay, hearing impairment, mental handicap, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech language impairment, traumatic brain injury, or visual impairment may be placed in regular education with support services or may benefit from a special education classroom or service.

INDEPENDENT EVALUATION _____

If a parent disagrees with an evaluation completed by the school district, a parent has a right to request an independent educational evaluation at public expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at public expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined that the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

REEVALUATION _____

Students identified for special education will be reevaluated at least every three years by the IEP team. The IEP team will review existing evaluation data for the student and will identify what additional data, if any, are needed. The school district shall obtain parental consent prior to conducting any reevaluation of a student with a disability.

INDIVIDUAL EDUCATION PROGRAM (IEP) _____

Each student with a disability must have a written IEP prepared by the staff in cooperation with parents which specifies programs and services that will be provided by the schools. If necessary, the district will arrange for interpreters or other assistants to help parents in preparing and understanding the IEP. Once in place, the program is reviewed on a regular basis with the parent.

Parents will be notified of the persons who will be in attendance. The IEP conference shall include at least the following:

1. A representative of the school district;
2. An individual who can interpret the instructional implications of evaluation results;
3. One or both parents;
4. The child (when appropriate);
5. At least one regular education teacher if the child is, or may be participating in the regular education environment;
6. At least one special education teacher;
7. A representative of the nonpublic school if the child is attending a nonpublic school;
8. A representative of a service agency if the child is receiving services from an approved service agency; and

SPECIAL EDUCATION CONTINUED (436-1905)

9. Other individuals, at the discretion of the parent or school district.

It is permissible for parents to bring other persons to the IEP meeting, but it is a good idea to inform the school before the scheduled meeting.

The school district will provide parents with a copy of the IEP.

PLACEMENT

The student's placement in a special education program is dependent on the student's educational needs as outlined in the Individual Education Program (IEP). The school district must assure that students with disabilities are educated with students who do not have disabilities, to the maximum extent possible. Students are entitled to have supplementary aids and services to help them in a regular educational setting. Students with disabilities may be placed in special classes, separate schools or other situations outside the regular educational environment when the nature of the child's needs require specialized educational techniques which are not available in current settings.

Determination of a student's educational placement will be made by a team of persons who knows the student and who understands the tests and procedures that assess the student's learning abilities. Team members know the available programs and services which might help the student. Parents are asked for written consent to determine whether or not they approve the educational placement recommended for their child. If the parent does not speak English or is hearing impaired, an interpreter may be requested.

Written notice shall be given to parents a reasonable time before the school district:

1. Proposes to initiate or change the identification, evaluation, verification or educational placement of a child or the provision of a free appropriate public education; or
2. Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

ALTERNATIVE PROGRAMS

Parents have a right to know about available private and public programs, other than those offered by the schools. The school district staff will provide information about those programs on request. If parents place the student in one of those programs, however, the school district is not required to pay for the student's education.

TRANSPORTATION OF STUDENTS RECEIVING SPECIAL EDUCATION

The district special education department will make arrangements for transportation for eligible students.

Students assigned to special education programs requiring attendance at schools outside their regular attendance area will be transported. Individual special conditions may warrant special education students to be transported to their assigned schools. If parents are dissatisfied with a transportation decision, they may appeal to the district's director of special education.

ACCESS TO STUDENT RECORDS

Parents have the right to inspect and review any education records relating to their child which are collected, maintained or used by the school district in providing educational services.

NONPUBLIC SCHOOL STUDENTS

Students in state-approved nonpublic schools may participate in special education programs in the same manner as public school students.

PARENTAL REVIEW OF PROGRAMS

Parents who want to review their child's placement for any reason should request an IEP team meeting. If parents are not satisfied with the results of the conference, they may appeal to the Nebraska Department of Education for a formal hearing to be conducted by a state hearing officer. Parents dissatisfied by the findings and decisions made in a state level hearing have the right to bring civil action.

PLANS AND BUDGET

With the exception of personally identifiable student records, district special education plans and budgets are available for public inspection.

This is a summary of the Lincoln Public Schools district plan for special education students. Anyone interested in obtaining a copy of the complete district policy or a copy of the Nebraska Department of Education Rule 51 or Rule 55 (appeal process) may contact the Director of Special Education, Lincoln Public Schools District Offices, P.O. Box 82889, Lincoln, NE 68501, or telephone 436-1905.

STUDENT REFERRALS FOR SPECIAL PROGRAMS

Some of the students attending Lincoln Public Schools are eligible for programs suited to their specific needs.

SPECIAL EDUCATION CONTINUED (436-1905)

SPECIAL EDUCATION _____

Children with possible learning, behavioral or physical difficulties may be referred to a school multidisciplinary evaluation team. The team will determine whether the child is eligible to receive services in a special education program.

Parents who feel their child may qualify for special education services

should contact their school principal.

- develop high levels of knowledge and skills in their areas of competence at rates of learning suited to their abilities
- develop attitudes and skills needed for in-depth study and self-directed learning
- learn from and interact with others of similar abilities
- develop both leadership and support role skills and attitudes
- understand and use their abilities

Students in the LPS gifted program usually demonstrate several of the following learning characteristics:

1. Extraordinary quantity of information
2. Advanced comprehension
3. High level of verbal ability
4. Ability to think in abstract terms
5. Ability to form concepts
6. Keen sense of humor
7. A sense of justice
8. High achievement
9. Outstanding products
10. High past performance

Students may be identified as eligible for the gifted program by scoring in the upper two percent on an academic aptitude test or by the data gathering process. Parents who think their child may be a candidate for the gifted program may notify the school building facilitator or principal that they would like their child to be considered for further evaluation.

■ Gifted Program

The Lincoln Board of Education recognizes that the student population includes students with exceptional academic abilities. The students have a need for educational services which are consistent with their ability levels and learning characteristics. Lincoln Public Schools will make available to those students learning opportunities which will help them to:

STUDENT SERVICES (436-1688)

■ Parental Involvement

Throughout this book the term “Parents” refers to both natural or adoptive parents and to legal guardians.

Lincoln Public Schools welcomes parental involvement in the education of their children. We recognize that parental involvement increases student success. It is Lincoln Public Schools’ policy to foster and facilitate, to the extent appropriate and in their primary language, parental information about, and involvement in, the education of their children. Policies and regulations are established to protect the emotional, physical and social well-being of all students.

- A. Parental involvement is a part of the ongoing and timely planning, review and improvement of district and building programs.
- B. Parents are encouraged to support the implementation of district policies and regulations.

- C. Parents are encouraged to monitor their student’s progress by reviewing quarterly report cards and attending parent-teacher conferences.
- D. Textbooks, tests and other curriculum materials used in the district are available for review by parents upon request.
- E. Parents are provided access to records of students according to law and school policy.
- F. Parents are encouraged to attend courses, assemblies, counseling sessions and other instructional activities with prior approval of the proper teacher or counselor and administrator. Parents’ continued attendance at such activities will be based on the students’ well-being.
- G. Testing occurs in this school district as determined to be appropriate by district staff to assure proper measurement of educational progress and achievement.
- H. Parents submitting written requests to have their student excused from testing, classroom instruction and other school experiences will be granted that request

STUDENT SERVICES CONTINUED (436-1688)

when possible and educationally appropriate. Requests should be submitted to the proper teacher or administrator within a reasonable time prior to the testing, classroom instruction or other school experience and should be accompanied by a written explanation for the request. A plan for an acceptable alternative shall be approved by the proper teacher and administrator prior to, or as a part of, the granting of any parent request.

- I. Participation in surveys of students occurs in this district when determined appropriate by district staff for educational purposes. Parents will be notified prior to the administration of surveys in accordance with district policy. Timely written parental requests to remove students from such surveys will be granted in accordance with district policy (6620, 6620.1, 6621, 6621.1). In some cases (see regulation 6621.1), parent permission must be given before the survey is administered.
- J. Parents are invited to express their concerns, share their ideas and advocate for their children's education with board members, administrators and staff.
- K. School district staff and parents will participate in an annual evaluation and revision, if needed, of the content and effectiveness of the parental involvement policy.

It is also the policy of Lincoln Public Schools to implement programs, activities and procedures for the involvement of parents in Title I programs consistent with the Title I laws, as amended by the No Child Left Behind Act of 2001. Such programs, activities and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

Birth Certificate Requirements

State legislation (43-2007, sections 2-5) requires that a certified copy of a student's birth certificate must be used when enrolling a new student in school. If your child is registering with Lincoln Public Schools for the first time, you may obtain this document from the Bureau of Vital Statistics in the state in which your child was born. Assistance in obtaining birth certificates may be obtained from Vital Records, 1033 O Street, Suite 130, Lincoln, NE 68508-3621. Office hours are 8 a.m. to 5 p.m., Monday-Friday, 471-2871. There is a fee per certificate.

Please note: The document parents receive from the hospital looks like a birth certificate, but it is not a certified copy. A certified copy has the raised seal of the state of Nebraska on it and is signed by the director of vital statistics.

If a birth certificate is unavailable, other reliable proof of a student's identity may be used. These documents could include naturalization or immigration documents showing date of birth or official hospital birth records, a passport, or a translation of a birth certificate from another country. The documents must be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate.

Goals for Students

The Lincoln Board of Education adopted a set of goals in 1991 recognizing that students enter school with diverse talents, interests and needs. Throughout the course of our students' public school education we want them to develop to their greatest potential. It is the intent of the board and staff of Lincoln Public Schools that all students, to the degree they are able, will:

1. Demonstrate competence and fluency in the essential skills of reading, writing, speaking, listening and mathematics.
2. Think critically and creatively, using higher order thinking skills to make decisions, solve problems and create new perspectives and possibilities.
3. Understand the important ideas from the arts, humanities, sciences and mathematics and understand the relationships among them.
4. Demonstrate the knowledge, skills and attitudes essential for living in a democracy and becoming a contributing member of society.
5. Understand and celebrate the diversity and interdependence of our pluralistic, multicultural community, nation and world.
6. Respect and care for themselves and others.
7. Respect and care for the natural environment.
8. Work with others productively and cooperatively.
9. Develop the skills and attitudes essential to enter the work force.
10. Become a lifelong learner.

Application for Special Attendance Permit

Students, K-8, wishing to attend a school other than the one in their attendance area must complete an **Application for**

Special Attendance Permit. Applications may be completed at the student’s current school. The permit may be left at the school where it will be forwarded to LPS Student Services for action. Decisions of approval or denial are based upon building capacity. Exceptions are made with building administrator input and are based on individual needs and circumstances.

Requests to transfer for the fall of the 2007-2008 school year were due in LPS Student Services by January 5, 2007. Using information from principals regarding building capacity, action was taken on requests for 2007-2008 during the month of February 2007. Families were informed by U.S. mail whether or not the permit was approved.

The filing deadline to transfer for the 2008-2009 school year is January 4, 2008 for students currently in grades K-7.

All students currently in grade 8 must file a *High School Choice Form* by January 31, 2008 for automatic approval. The only restriction may be if the building’s capacity requires closing it to transfer. Any requests to transfer coming after the January 31 deadline (unless the student is new to Lincoln) will be placed on a waiting list in the order of arrival date at the Department of Student Services, 5901 O Street, Lincoln, Nebraska, 68510 and considered for approval the second week of June. Transfer requests are expected to remain in effect for an entire school year.

■ Educational Equity

THE POLICY

Lincoln Public Schools is committed to the concept of educational equity for students, staff and patrons of Lincoln Public Schools. In all programs conducted by the school district, the dignity and worth of all human beings will be recognized. Such recognition shall be extended regardless of a person’s economic status, race, ethnic background, culture, religion, gender, sexual orientation, age or mental, physical or linguistic ability.

In addition it is the policy of Lincoln Public Schools to assure that all students have equal opportunity to take part in all school programs. The material used with students is to represent all types of people, both male and female, in a variety of jobs, skills and leadership. Lincoln Public Schools is committed to providing an environment free of harassment based on economic status, race, ethnic background, culture, religion, gender, sexual orientation, age or mental, physical or linguistic ability.

COMPLAINTS

If you feel you or someone you know has not been treated fairly, you have three options: **1)** get more information to try to resolve it with a staff member who knows about the situation; **2)** talk to your principal or a central office administrator who can advise you; **3)** write to Lincoln Public Schools Equity Administrator, Box 82889, Lincoln, NE 68501.

If you send in the complaint form in the back of this book, a school district official will gather as many details as possible. That information will then be forwarded to the school district's Educational Equity Monitoring Task Force, a group of citizens and school staff members. The task force will assign a team to thoroughly investigate your complaint and will make recommendations for changes if your complaint is justified. Your name will not be used unless you authorize it. Under no circumstances will any threats or retaliation be permitted to be made against an individual for alleging in good faith a violation of this policy. Complaints regarding sexual harassment will not be handled by the task force, but by a district administrator.

Guidelines for Religious Holidays

The Lincoln school district complies with the First Amendment to the United States Constitution.

The First Amendment requires that public schools neither promote nor interfere with the practice of religion. This requirement sometimes presents some difficult situations for schools. For one thing, schools are expected to teach about many facets of society, including the moral, ethical and religious values held by people in that society. For another, schools are a part of the fabric of our American society—and so is religious practice. Schools are required to be a part of practically all activities that go on in a community, including religious holidays, while avoiding either the promoting of religious practices or interference with religious practices.

To further complicate the situation, some religious observances have evolved into cultural, secular observances, while still retaining religious meaning for many Americans. Christmas, Easter and Hanukkah are examples of religious holidays that are now observed as cultural events. Other holidays have their origins in religion, but have lost practically all religious meaning in terms of the way most Americans observe the holidays. Valentine's Day and Halloween are examples.

The issue for schools is how to allow students to be a part of American society's observance of such events and yet not require any student to participate in an observance which conflicts with the student's religious beliefs.

To avoid interfering with the religious practices of students, efforts are made to avoid scheduling major tests and major student activities on dates of religious significance.

If you are concerned about any particular date on which there might be a school conflict with your family's religious activities, please call your child's school.

In an effort to deal with this admittedly complex situation, Lincoln Public Schools has developed guidelines with advice from citizens, religious leaders and staff members. The guidelines are intended to help staff members be sensitive to the problems surrounding religious events without robbing those events of their luster as part of our American heritage. Guidelines are as follows:

All activities included in the instructional program shall be inclusive and pluralistic—that is, students of varying cultural, ethnic and religious heritage should be able to feel included and feel comfortable being included.

1. The role that diverse religious traditions have played in the historical development of our society should be recognized.
2. A school program or student performance should not be a forum for religious worship—all school programs should serve an educational purpose.
3. Student participation in any program, or performance (e.g., music) which may involve religious materials which a student may find personally objectionable should be voluntary.
4. Persons who are authorities on a particular culture or religion may serve as resources in the classroom.
5. Religious symbols may be used as teaching aids when used objectively to teach about a religious heritage.
6. Christmas trees, Santa Claus, and Easter eggs and bunnies are considered to be secular, seasonal symbols and may be displayed provided they do not disrupt the instructional program for students.
7. Holiday parties may be held as long as they do not become religious observances, as long as all children can be included or positive alternatives provided for those who choose not to participate.

- 8. In ceremonial functions, opening and closing remarks are used instead of invocations and benedictions.
- 9. Because baccalaureate is a traditionally religious service, it is sponsored by a community group rather than by the school district.

We appreciate the support Lincoln parents have traditionally given to Lincoln Public Schools. Your

cooperation with the schools as they attempt to follow these guidelines will be most helpful. If you have any questions about the guidelines, or wish to express any concern, please talk with the principal at your child's school or call Becky Wild, educational equity administrator, 436-1650; or E. Susan Gourley, superintendent, 436-1601.

or to otherwise seriously interfere with the educational process. Such conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment. A student who engages in the conduct may be suspended and referred to the Department of Student Services for a conference to determine whether a long-term suspension, expulsion, or mandatory reassignment is appropriate. The conduct is covered by the school rules where it occurs on school grounds, in a vehicle owned, leased, or contracted by the school and being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or an employee's designee, or at a school-sponsored activity or athletic event:

- A. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
- B. Use of violence, force, coercion, threat, intimidation, bullying, harassment or similar conduct in a manner that constitutes a substantial interference with school purposes.
- C. Willfully causing or attempting to cause substantial damage to property, including the setting of a fire of any magnitude, stealing or attempting to steal property of substantial value, or repeated damage or theft involving property.
- D. Causing or attempting to cause personal injury to any person, including, without limitation, any school employee, school volunteer, or student.
- E. Threatening or intimidating any student for the purpose of, or with the intent of, obtaining money or anything of value from such student, or making a threat which causes or may be expected to cause a disruption to school operations.
- F. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks.
- G. Engaging in the selling, using, possessing or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, inhalant or being under the influence of any of the above; or possession of drug paraphernalia.
- H. Engaging in the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401, of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, controlled substance or inhalant.
- I. Truancy or failure to attend assigned classes or assigned activities.
- J. Tardiness to school, assigned classes or assigned activities.
- K. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language

Rights and Responsibilities of Students

The term "parents" is used to refer both to natural or adoptive parents and to legal guardians.

In order to function properly, public school education must provide an equal learning opportunity for all students. In addition to the regular curriculum, good citizenship must be taught and demonstrated. This includes an appreciation for the rights of others.

I. ESTABLISHMENT OF POLICIES, RULES AND REGULATIONS _____

The Board of Education has established written policies, rules and regulations of general application governing student conduct in all schools. In addition, principals, within their schools, may establish written rules and regulations not inconsistent with those established by the Board.

II. AREAS OF PROHIBITED STUDENT CONDUCT _____

Students are not to engage in conduct which causes or which creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school, function, activity or purpose or interfere with the health, safety, well being or the rights of other students, staff or visitors.

The following conduct has been determined by the Board of Education to have the potential to seriously affect the health, safety or welfare of students, staff and other persons

STUDENT SERVICES CONTINUED (436-1688)

- or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon economic status, race, ethnic background, culture, gender, sexual orientation, religion, age or ability.
- L. Public indecency and sexual conduct.
 - M. Repeated violation of any of the rules adopted by the school district or the school.
 - N. Engaging in any unlawful activity as determined by the United States or the State of Nebraska.
 - O. Dressing in a manner wherein such dress is dangerous to the student's health and safety or to the health and safety of others or is distracting or indecent to the extent that it interferes with the learning and educational process.
 - P. Willfully violating the behavioral expectations for those students riding Lincoln Public Schools buses.
 - Q. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense, if a complaint alleging such conduct is filed in a court of competent jurisdiction.
 - R. Knowingly and intentionally using force in causing or attempting to cause personal injury to a school employee, school volunteer, or a student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary. This conduct shall result in an expulsion for the semester in which it occurred, and the next semester.
 - S. Knowingly and intentionally possessing, using, or transmitting a dangerous weapon other than a firearm. This conduct shall result in an expulsion for the semester in which it occurred, and the next semester.
 - T. Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in an expulsion for one calendar year. "Firearm" means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: "The term 'firearm' means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device."

Students may also be suspended from school for up to five school days by the building administration for conduct constituting grounds for expulsion or other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff which

occur on or off school grounds if such conduct interferes with school purposes or there is a connection between such conduct and school.

In addition, administrators and teachers may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, in-school suspensions, or restriction of extracurricular activity. Students are responsible for complying with such disciplinary measures and may be further disciplined for a failure to serve such assigned discipline as directed.

ANTI-BULLYING POLICY

Lincoln Public Schools provides physically safe and emotionally secure environments for all students and staff. Positive behaviors (non-violence, cooperation, teamwork, understanding and acceptance of others) are encouraged in the educational program and are required of all staff. Inappropriate behaviors, including but not limited to bullying, intimidation and harassment, must be avoided by students and all staff. Strategies and practices are implemented to reinforce positive behaviors and to discourage and protect others from inappropriate behaviors.

TECHNOLOGY RESOURCES AND USE

Lincoln Public Schools makes technology resources available only to advance educational goals and objectives, supplement instruction and further school purposes. The operation and use of such technology resources by students, staff and the community should be consistent with the Board's expectations (Policy 3972, Regulation 3972.1). Technology resources include, without limitation, computers and related technology equipment, all forms of E-mail or electronic communication, the Internet, and other technology brought on to school property or to a school activity by an individual.

Users have no privacy rights or expectations of privacy when using technology. Computer use and all files or information stored therein, thereon or linked may be monitored, tracked, logged, copied, reviewed and accessed at any time without prior notice. Lincoln Public Schools has complete authority to regulate all computer use and computer users. Computer use is a privilege and not a property right. Computer use is made available subject to all board policies and regulations, these regulations, building

guidelines, use agreements, handbook provisions, and all administrative orders or directives as issued from time to time. No computer use shall be permitted for purposes that are contrary to the mission of the building site or the Lincoln Public Schools. All computer users understand they are bound by all Lincoln Public Schools policies and regulations, building guidelines, use agreements, handbook provisions, and all administrative orders or directives

as issued from time to time. Inappropriate behavior related to computer use may result in a consequence.

STUDENT ATTENDANCE

Every person residing in a school district within the State of Nebraska who has legal or actual charge or control of any child who is not less than age six (as of January 1 of the current school year) and not more than 18 years of age, or who is younger than six years of age and is enrolled in any public school, will cause the child to attend school regularly. The Lincoln Public Schools have established procedures (Regulation 5140.1, 5140.2, 5140.3) that will assist parents to meet this responsibility by encouraging regular and punctual student attendance.

Uninterrupted attendance in regularly scheduled classes allows students to obtain maximum benefit from the district's instruction program. Cooperative efforts of parents/guardians and school staff to promote regular student attendance are encouraged. Principals are responsible for developing attendance rules and regulations which implement the intent of this policy.

An absence from school will be reported as absent, truant or suspended. School staff will keep parents informed regarding the attendance of their student(s) and will assist parents in correcting attendance problems. It is the responsibility of the student to make up work which has been missed because of any absence. The school staff will support the student's initiative to make up work missed.

Any administrator, teacher, or member of the Lincoln Board of Education who knows of any failure on the part of any child age six (as of January 1 of the current school year) to 18 to attend school regularly without lawful reason, will within three days report the violation to the superintendent or the director of student services, or his or her administrative assistant. The superintendent or the director of student services, or his or her administrative assistant, will investigate. When based on his or her personal knowledge or by report or complaint from any resident of the district, the administrator believes that any child is unlawfully absent from school, he or she will immediately investigate. The school will render all services in its power to compel

students to attend in an attempt to remediate the child's attendance pattern.

Truancy and tardiness is a violation of school rules. The services to be provided in response to truanancies and tardiness may include disciplinary measures, including, restriction of extracurricular and other activities, additional work assignments before, during or after regular school hours, removal from a particular class or classes and mandatory reassignment. Suspension (short-term or long-term) or expulsion from school may be imposed for truancy or tardiness, provided that alternatives to such action have been used or determined by the director of student services or his or her administrative assistant to be inappropriate under the circumstances.

If a student is excessively absent an administrator will serve a written notice to the person violating the compulsory attendance statutes, warning him or her to comply with its provisions. If absences continue the administrator will file a report with the county attorney.

Families approving of their child dropping out of school are requested to sign a form at the student's school.

CARE OF PROPERTY

Students are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. Students, who disfigure property, break windows or do other damage to school property or equipment will be required to pay for the damage done or replace the item. School-issued items that are stolen or damaged from unlocked lockers are the responsibility of the student to whom they were issued.

SEARCHES OF LOCKERS AND OTHER TYPES OF SEARCHES

Because student lockers, desks, computer equipment, and other such property are owned by the school, the school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers and other such property may be conducted in the discretion of the administration.

The following rules shall apply to searches of students and of a student's personal property and to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search must be conducted in a reasonable manner under the circumstances.

STUDENT SERVICES CONTINUED (436-1688)

2. Illegal items or other items reasonable determined to be a threat to the safety of others or a threat to educational purposes may be taken and kept by school officials. Any firearm or other weapon will be confiscated and delivered to law enforcement officials as soon as possible.
3. Items which have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, "nuisance items") may be removed from student possession.

VIDEO SURVEILLANCE

Video cameras may be used on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

III. STUDENT RIGHTS

- A. Receive competent instruction in a relevant curriculum.
- B. Attend a school which is clean, comfortable, safe and reasonably equipped for the learning task.
- C. Have a framework for student government which indicates the areas and circumstances of student sharing in decision making.
- D. Express him or herself or attempt to influence others so long as the rights of others are not violated in the process.
- E. Have access to printed copies of school regulations.
- F. Privacy of personal belongings provided they are not injurious or a nuisance to other students.
- G. Have the right of due process in discipline matters.

Questions or concerns should be directed to the Department of Student Services, 436-1654.

IV. TITLE IX

It is the policy of the Lincoln School District to comply with the regulations implementing Title IX of the Educational Amendments of 1972.

Title IX prohibits sex discrimination in federally assisted education programs. Specifically, Title IX states:

"No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance. . ."

Title IX covers all areas of educational programs and all students.

Title IX specifically provides that schools shall not, on the basis of sex:

- provide different aid, benefits or services;
- deny any person such aid, benefit or service;
- subject any person to separate or different rules of behavior, sanctions or other treatment;
- discriminate against any person in the application of any rules of appearance;
- discriminate in course offerings, counseling, athletics or employment.

Questions or concerns should be directed to the Lincoln Public Schools Title IX officer, 436-1577.

HOMELESS STUDENTS

It is Lincoln Public Schools' policy and practice to ensure that homeless children are not stigmatized or segregated by the District on the basis of their status as homeless. Homeless children, for purposes of this district, generally include children who lack a fixed, regular and adequate nighttime residence, as further defined by applicable federal and state law.

The Superintendent's designee serve as the District's designated Homeless Coordinator. The Homeless Coordinator will serve as the school liaison for homeless children and youth and ensures that:

1. homeless children are identified by school personnel;
2. homeless children enroll in, and have a full and equal opportunity to succeed in, school;
3. homeless children and their families receive educational service for which they are eligible and referrals to health, dental and mental health services and other appropriate services;
4. the parents or guardians of homeless children are informed of the educational and related opportunities available to their children and provided with meaningful opportunities to participate in the education of their children;
5. public notice of the educational rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters and soup kitchens;
6. enrollment disputes are mediated in accordance with law; and

Visit us on the Web at: www.lps.org

STUDENT SERVICES CONTINUED (436-1688)

7. the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law.

The Homeless Coordinator coordinates with state coordinators and community and school personnel responsible for the provisions of education and related services to homeless children.

A homeless child will be enrolled in compliance with law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed.

Placement of a homeless child is based on the child's "school of origin" and the "best interests" of the child. The "school of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions are made according to the District's determination of the child's best interests, and will be at either:

1. the child's school of origin for the duration of the child's homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year); or
2. the school of the attendance area where the child is actually living.

To the extent feasible, the placement is in the school of origin, except when it is contrary to the wishes of the homeless child's parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child's parent or legal guardian, the District will provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian. If the homeless child is an unaccompanied youth, the Homeless Coordinator assists in the placement decision, consider the views of the unaccompanied youth and provides the unaccompanied youth with notice of the right to appeal. In the event of an enrollment dispute, the placement shall be at the school in which enrollment is sought, pending resolution of the dispute in accordance with the dispute resolution process.

The homeless child will be immediately enrolled in the school in which the District has determined to place the child, even if the child is unable to produce records normally required for enrollment, such as previous academic records, medical records, proof of residence or other documentation. The District will contact the school last attended by the homeless child to obtain relevant academic and other records. If the homeless child needs to obtain

immunizations or medical records, the District will refer the parent or guardian of the homeless child to the Homeless Coordinator, who will assist in obtaining necessary immunizations or medical records. The District may nonetheless require the parent or guardian of the homeless child to submit contact information.

Transportation will be provided to homeless students, to the extent required by law and comparable to that provided to students who are not homeless, upon request of the parent or guardian of the homeless child, or by the Homeless Coordinator in the case of an unaccompanied youth, as follows:

1. if the homeless child's school of origin is in the Lincoln Public School District, and the homeless child continues to live in the Lincoln Public School District, transportation to and from the school of origin shall be provided by the Lincoln Public School District; and
2. if the homeless child lives in a school other than the Lincoln Public School District, but continues to attend the Lincoln Public School District based on it being the school of origin, the new school and the Lincoln Public School District shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin, and if they are unable to agree, the responsibility and cost for transportation shall be shared equally.

V. NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

- 1) The right to inspect and review the student's education records within 45 days of the day the district receives a request for access.**

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- 2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.**

Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

STUDENT SERVICES CONTINUED (436-1688)

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

**Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-4605**

NOTICE CONCERNING DIRECTORY INFORMATION _____

The district may disclose directory information. The types of personally identifiable information that the district has designated as directory information are as follows: student's name, address, telephone listing, electronic mail address, photograph, date of and place of birth, major fields of study, dates of attendance, grade level, enrollment status (e.g., undergraduate or graduate, full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees,

honors and awards received, and most recent previous educational agency or institution attended.

A parent or eligible student has the right to refuse to let the district designate any or all of those types of information about the student as directory information. The period of time within which a parent or eligible student has to notify the district in writing that he or she does not want any or all of those types of information about the student designated as directory information is as follows: two weeks from the time this information is first received. Please write to Becky Wild, Director of Student Services, 5901 O Street, Lincoln, NE 68510, to indicate your refusal to have your child's information designated as directory information.

The district may disclose information about former students without meeting the conditions in this section.

The district's policy is for education records to be kept confidential except as permitted by the FERPA law, and the district does not approve any practice which involves an unauthorized disclosure of education records. In some courses student work may be displayed or made available to others. Also, some teachers may have persons other than the teacher or school staff, such as volunteers or fellow students, assist with the task of grading student work and returning graded work to students. The district does not either approve or disapprove such teaching practices, and designates such student work as directory information and/or as non-education records. Each parent and eligible student shall be presumed to have accepted this designation in the absence of the parent or eligible student giving notification to the district in writing in the manner set forth above pertaining to the designation of directory information. Consent will be presumed to have been given in the absence of such a notification from the parent or eligible student.

STUDENT PRIVACY PROTECTION_____

District research is conducted in a manner that protects the rights of students, parents and staff; protects the time of teachers and administrators; and minimizes the impact on classroom instruction. Prior written consent of a parent or legal guardian is required in research and evaluation studies that include the collection of information concerning:

1. political affiliation
2. mental and psychological problems potentially embarrassing to the student or his/her family

3. sex behavior or attitudes
4. illegal, anti-social, self-incriminating and demeaning behavior
5. critical appraisals of other individuals with whom the student has close family relationships
6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. religious practices, affiliations or beliefs of the student or student's parents; or

8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program)

Parents/guardians and students may choose not to participate in such research and evaluation studies.

All surveys, questionnaires, opinionnaires, interviews and other assessments administered during evaluation and research studies are available for review by parents/legal guardians. Requests for review should be made to the principal of your building.

NOTICE CONCERNING DISCLOSURE OF STUDENT RECRUITING INFORMATION _____

The No Child Left Behind Act of 2001 requires Lincoln Public Schools to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that Lincoln Public Schools not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written parental consent. Lincoln Public Schools will comply with any such request. Parents and secondary students may request a form to deny consent in their school main office.

NOTICE TO PARENT OF RIGHTS AFFORDED BY SECTION 504 OF THE REHABILITATION ACT OF 1973 _____

The following is a description of the rights granted by federal law to qualifying students with disabilities. The intent of the law is to keep you fully informed concerning the decisions about your child and to inform you of your rights if you disagree with any of these decisions.

You have the right to:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of his/her disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation or placement of your child.
4. Have your child receive a free appropriate public education.
5. Have your child receive services and be educated in facilities which are comparable to those provided to every student.
6. Have evaluation, educational and placement decisions made based on a variety of information sources and by persons who know the student and who are knowledgeable about the evaluation data and placement options.
7. Have transportation provided to and from an alternative placement setting (if the setting is a program not operated by the district) at no greater cost to you than would be incurred if the student were placed in a program operated by the district.
8. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district.
9. Examine all relevant records relating to decisions regarding your child's identification, evaluation and placement.
10. Request mediation or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program or placement. (You and your child may take part in the hearing. Hearing requests are to be made to the Department of Student Services).
11. File a local grievance.

NOTICE CONCERNING STAFF QUALIFICATIONS _____

The *No Child Left Behind Act* of 2001 gives parents/guardians the right to get information about the professional qualifications of their child's classroom teachers. Upon request, Lincoln Public Schools will give parents/guardians the following information about their child's classroom teacher:

- (1) Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.

STUDENT SERVICES CONTINUED (436-1688)

- (2) Whether the teacher is teaching under an emergency or provisional teaching certificate.
- (3) The baccalaureate degree major of the teacher. You may also get information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree.

We will also, upon request, tell parents/guardians whether their child is being provided services by a paraprofessional and, if so, the qualifications of the paraprofessional.

The request for information should be made to an administrator in your child's school building. The information will be provided to you in a timely manner. Finally, Lincoln Public Schools will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by a teacher who does not meet the requirements of the Act.

Rights of Divorced Parents

It is Lincoln Public Schools policy to foster and facilitate parental information about, and involvement in, the education of their children. Divorced and separated parents maintain all parental rights with their children unless altered by a court order. The non-custodial parent may request a duplicate mailing which assures the non-custodial parent will receive a copy of whatever is mailed home to the custodial parent.

If parental rights have been changed, the school principal must have access to a copy of the court order stipulating those changes. School officials will follow the directives stated in it and other such directives regarding access to the child provided by the parent with legal custody and that are consistent with a court order.

Related to visiting children at school, attempts will be made to accommodate both parents. However, in cases of concern and dispute between parents, the custodial parent's directive will be followed. Parents will be asked to resolve issues of child visitation at school outside of the school setting.

Safe and Drug-Free Schools

Lincoln Public Schools implements regulations and practices which ensure compliance with the Federal Drug-Free Schools and Communities Act. The District's safe and drug-free schools program is established in accordance with principles of effectiveness as required by law to respond to such harmful effects.

Lincoln Public Schools promotes comprehensive, age appropriate, developmentally based drug and alcohol education and prevention programs, which will include in the curriculum the teaching of both proper and incorrect use of drugs and alcohol for all students in all grades. The District offers in-service orientation and training for all employed staff.

Each student is held to a standard of conduct for student behavior in the District which prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol on school premises or as a part of any of the school's activities.

Violation of any of the above prohibited acts will result in disciplinary sanction being taken within the bounds of applicable law, up to and including short term suspension, long term suspension, expulsion, and referral to appropriate authorities for criminal prosecution.

Through the instruction referred to earlier, as well as by information and consistent enforcement of the Board's policy pertaining to student conduct as it relates to the use of illicit drugs and the unlawful possession and use of alcohol, students learn drug and alcohol abuse is wrong and is harmful both to the student and the District, and its educational programs.

All students will be provided information concerning available drug and alcohol counseling, rehabilitation, and re-entry programs within sixty miles of the administrative offices of the District or, where no such services are found, within the State of Nebraska. Information concerning such resources shall be presented to all of the students of the District upon request of the building guidance counselor, social worker, S.C.I.P. team leader or Becky Wild, Director of Student Services, 436-1650.

Lincoln Public Schools does not have the authority or responsibility to make medical or health determinations regarding chemical dependency. However, when observed behavior indicates that a problem exists which may affect the student's ability to learn or function in the educational climate or activity, the school then has the right and responsibility to confer with the parent/guardian on a referral of the student for a formal chemical dependency diagnosis based on behavior observed by school staff. The school will issue a statement to all students that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. The school shall make available to students information about any drug and alcohol counseling, and rehabilitation and re-entry programs, which are available to students.

STUDENT SERVICES CONTINUED (436-1688)

The administration is authorized to adopt administrative rules, regulations or practices necessary to properly implement this policy. The regulations, rules or practices may vary the procedures set forth to the extent necessary to fit the circumstances of an individual situation. Rules, regulations and practices may include administrative forms, such as checklists to be used by staff to record observed behavior and to determine the proper plan of action.

Students violating District rules, regulations, or practices may be required to participate in screenings and/or evaluations at the District's expense.

SAFE AND DRUG-FREE SCHOOLS PARENTAL NOTICE

NOTICE TO PARENTS: Pursuant to the provisions of the No Child Left Behind Act, if upon receipt of information regarding the content of safe and drug free school programs and activities other than classroom instruction a parent objects to the participation of their child in such programs and activities, the parent may notify the School District of such objection in writing. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.

Student Photo ID Cards

The Board of Education recently adopted Lincoln Public Schools (LPS) Regulation 6412.1, which requires all high school students to visually display their official LPS student photo identification (ID) cards. This regulatory requirement will be effective beginning with the 2007-2008 academic school year. The visibly displayed ID cards will add another dimension of safety and security to help identify students that are associated with each school. The ID cards will also be used as an automated way for students to access their lunch accounts and pay for their school lunches, rather than the previous requirement to manually enter a number on a number pad. Additionally, the ID cards will help to build positive relationships between students and staff at larger schools where staff members do not always have the opportunity to know every student's name.

Students will be required to wear their school ID cards at all times in school. This practice will require that students will have to move their ID cards from their pockets, wallets, or purses, to break-away lanyards worn around their necks. Appropriate adjustments will be made when

students are in certain specific courses such as physical education, industrial arts, etc.

During locker check-out days in August 2007, students will have their pictures taken, ID cards made, and school identified break-away lanyards given to visibly display their ID cards. If a student forgets to bring the ID card to school, he or she will be given an opportunity to receive a temporary or a permanent ID replacement card. There will be no cost to the students for these initial ID cards and lanyards. Students will be assessed a fee for replacement and temporary ID cards.

Please emphasize that the practice of wearing and displaying identification is now a common requirement in many of our businesses and organizations. The world is changing and we need to do all we can to maintain safety and security. Being able to identify people who belong in our building is a critical step towards that process. More information and specific detail regarding LPS Regulation 6412.1 will be coming from your school and the district office in the future.

NOTICE

No Weapons are Allowed at Lincoln Public Schools

Even with Passage of the Concealed Weapons Law

LINCOLN PUBLIC SCHOOLS

The Legislature has passed a concealed weapons law (LB 454). Administration wants to remind and assure staff, students, parents and visitors to our schools that weapons are NOT permitted to be brought to or possessed in our school buildings, school grounds or school activities.

The concealed weapons law will allow adults to get a permit to carry a concealed handgun. Permit holders will be allowed to carry a concealed handgun in many places, but NOT at our schools. Anyone who carries a concealed handgun or weapon at a school is in violation of Board policies and is also committing a crime which will be reported to law enforcement.

TRANSPORTATION (436-1073)

ELIGIBILITY FOR BUS TRANSPORTATION TO/FROM SCHOOL

The district will provide for the transportation to and from school for all students eligible under the provisions of state law, including elementary and middle school students residing over four miles from the school in the attendance area within which they reside, special education students whose individual education plan (IEP) requires transpor-

tation as essential to learning, and students who have been moved for the benefit of the district in instances to relieve overcrowding, major facility renovations, or efficiency in the use of buildings and/or staff. If you have questions concerning LPS transportation service, please call 436-1073.

COMMUNITY INVOLVEMENT (436-1610)

Excellence in education evolves from integrating schools with the community. One of the most impressive aspects of Lincoln's public schools is the outpouring of community support to give children the best education possible. Ever-increasing community involvement in Lincoln's schools has enhanced the quality of the school experience for every child. It is one way this community affirms its support of quality education.

Business representatives in Lincoln have opened their doors to the youth of Lincoln. Community members involved in schools have helped to broaden students' views of their world and add relevance to their learning. It is gratifying and inspiring for students to learn that someone cares whether they succeed in their studies. This is especially true for children whose support system is limited.

In turn, by volunteering in schools, business leaders, community members, parents and grandparents learn that the city's public schools are filled with enthusiastic young people excited about academics.

A few of the ways community members show their commitment to Lincoln's public school children are through the following volunteer groups:

VENTURES IN PARTNERSHIPS

Ventures in Partnerships (VIP) pairs schools and programs with businesses and organizations to work on mutually beneficial projects, call 436-1950 or email vip@lps.org;

VOLUNTEERS IN SCHOOLS

Volunteers in Schools (VIS) places community volunteers in classrooms, media centers, playgrounds and other areas where a helping hand is needed, call the school of your choice for possible opportunities;

TEAMMATES

TeamMates matches students with adults, who meet weekly during the school day at the school site. This one-to-one mentoring program helps students reach their potential, call 436-1990 or email teammates@lps.org;

COMMUNITY GROUPS

PARENT GROUPS

Parent groups at each school that support the instruction process, contact local school;

COMMUNITY CURRICULUM COUNCIL

Community Curriculum Council whose members provide input to district staff on what is important in the education of Lincoln's children;

CONSTRUCTION REVIEW COMMITTEE

Construction Review Committee has helped the District build quality schools at the lowest cost through expert review of the construction process;

MULTICULTURAL ADVISORY COMMITTEE

Multicultural Advisory Committee works with LPS staff to create equitable opportunities for every student.

Lincolnites have had a long-standing tradition of providing quality education for public school children. Community involvement enhances the school experience for all LPS students and reaffirms this community's commitment to quality education.

FOUNDATION FOR LPS (436-1612)

FOUNDATION FOR LINCOLN PUBLIC SCHOOLS

The Foundation for Lincoln Public Schools was founded in 1989 as an independent organization to seek resources beyond tax-supported funding to enhance public education, to recognize excellence in education, and to reinforce positive relationships with the community.

The Foundation provides the opportunity for individuals and corporations to give private funds with confidence to the Lincoln Public Schools.

Since inception the Foundation has distributed more than \$15 million for programs, awards and scholarships. Here are the highlights from the Foundation's most recent annual report:

\$1.1 MILLION: Granted in 2005-06 to Lincoln Public Schools for programs, awards and scholarships. This is possible because 4,278 gifts were made to the Foundation in support of the students and staff in our schools.

135: Scholarships awarded to graduating seniors from the Lincoln Public Schools for continuing education

136: Student emergency fund requests were received to help students with basic needs during the school year

76: Fund-A-Need grants awarded to 56 teachers totalled \$29,000 to enhance classroom education. Fund-A-Need is an innovative Web-based program developed to help students and staff in the Lincoln Public Schools. The Fund-A-Need section of the Foundation's Web site at www.foundationforlps.org allows teachers to post creative educational ideas and needs online as a "proposal" for all to view. Donors can choose from the online list of proposals and make a gift to fund the classroom needs, also known as "e-needs."

145: Students, staff and community members recognized as *Gold Stars* at the annual Gold Star Salute for their outstanding leadership and contribution to the Lincoln Public Schools

16: Outstanding Lincoln Public Schools teachers recognized with outstanding educator awards for motivating students to reach their full potential

4,278: Gifts received from donors throughout the year

255: Volunteers provided leadership and invaluable assistance to the Foundation

\$16.8 MILLION: Grand total of all gifts received since inception in 1989. During that period, \$11.6 million granted to Lincoln Public Schools for programs, awards and scholarships.

67,800: Lincoln Public School students have been the beneficiaries of donations and grants received by the Foundation over the past 18 years.

Call 436-1612 to learn how you can help too.

FUND-A-NEED

Fund-A-Need is an award winning online program at www.foundationforlps.org designed to help students and staff in the Lincoln Public Schools. The program allows teachers and schools the avenue to post innovative educational ideas and classroom needs as a "proposal" for the community to view.

Proposals are approved by principals, submitted to the Foundation, and posted online. Donors may choose from the online list and make a tax-deductible donation to fund these classroom needs. Individuals who support a proposal will receive information about the activity, from the teacher and students touched by the gift, and a receipt from the Foundation as a record for the IRS.

Fund-A-Need is a great opportunity for citizens of the Lincoln community to help make Lincoln's great schools even better. The proposed educational experiences are not available for our students without community support. Please share Fund-A-Need with colleagues, business organizations, family, friends, and e-mail networks.

Dear Parent/Guardian:

Children need healthy meals to learn. Lincoln Public Schools offers healthy meals every school day. Breakfast costs Elementary \$1.00; Secondary \$1.20. Lunch costs Elementary \$1.90; Middle School \$2.10; High School \$2.25. Your children may qualify for free meals or for reduced price meals. Reduced price is \$.30 for breakfast and \$.40 for lunch.

If your child(ren) qualified for free or reduced price meals at the end of last school year, you must submit a new application by **September 28, 2007**, in order to avoid an interruption in meal benefits.

- 1. Do I need to fill out an application for each child?** No. Complete the application to apply for free or reduced price meals. Use one Free and Reduced Price School Meals Application for all students in your household. We cannot approve an application that is not complete, so be sure to fill out all required information. **Return the completed application to: Your child's school or Nutrition Services Department, 5901 "O" Street, Lincoln NE 68510-2235.**
- 2. Who can get free meals?** Children in households getting Food Stamps or TANF and most foster children can get free meals regardless of your income. Also, your children can get free price meals if your household income is within the free limits on the Federal Income Guidelines.
- 3. Can homeless, runaway and migrant children get free meals?** Please call **Lincoln Public Schools, Delia Steiner, Homeless Liaison (402) 436-1997 or (402) 436-1989** to see if your child(ren) qualify, if you have not been informed that they will get free meals.
- 4. Who can get reduced price meals?** Your children can get low cost meals if your household income is within the reduced price limits on the Federal Income Chart, shown on the back of the meal application.
- 5. Should I fill out an application if I got a letter this school year saying my children are approved for free or reduced price meals?** Please read the letter you got carefully and follow the instructions. Call **(402) 436-1746** if you have questions.
- 6. I get WIC. Can my child(ren) get free meals?** Children in households participating in WIC may be eligible for free or reduced price meals. Please fill out an application.
- 7. Will the information I give be checked?** Yes, we may ask you to send written proof.
- 8. If I don't qualify now, may I apply later?** Yes. You may apply at any time during the school year if your household size goes up, income goes down, or if you start getting Food Stamps, TANF or other benefits. If you lose your job, your children may be able to get free or reduced price meals.
- 9. What if I disagree with the school's decision about my application?** You should talk to school officials. You also may ask for a hearing by calling or writing to: **Edith Zumwalt, Director, Nutrition Services Department, 5901 "O" Street, Lincoln NE 68510-2235, telephone number (402) 436-1747.**
- 10. May I apply if someone in my household is not a U.S. citizen?** Yes. You or your child(ren) do not have to be a U.S. citizen to qualify for free or reduced price meals.
- 11. Who should I include as members of my household?** You must include all people living in your household, related or not (such as grandparents, other relatives, or friends). You must include yourself and all children who live with you.
- 12. What if my income is not always the same?** List the amount that you normally get. For example, if you normally get \$1000 each month, but you missed some work last month and only got \$900, put down that you get \$1000 per month. If you normally get overtime, include it, but not if you get it only sometimes.
- 13. If I qualify for free or reduced price meals will my children be eligible for Kid's Connection: Nebraska Children's Health Insurance Program?** For more information on this program that provides health care coverage for children up to age 19, please call toll free 1-877-632-5437.
- 14. We are in the military, do we include our housing allowance as income?** If your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income. **All other allowances must be included in your gross income.**

If you have other questions or need help, call **(402) 436-1746**.

Privacy Act Statement: This explains how we will use the information you give us. The Richard B. Russell National Lunch Act requires the information on this application. You do not have to give the information, but if you do not, we cannot approve your child for free or reduced price meals. You must include the social security number of the adult household member who signs the application. The social security number is not required when you apply on behalf of a foster child or you list a Food Stamp Program, Temporary Assistance for Needy Families (TANF) Program or Food Distribution Program on Indian Reservations (FDPIR) case number or other FDPIR identifier for your child or when you indicate that the adult household member signing the application does not have a social security number. We will use your information to determine if your child is eligible for free or reduced price meals, and for administration and enforcement of the lunch and breakfast programs. We MAY share your eligibility information with education, health, and nutrition programs to help them evaluate, fund, or determine benefits for their programs, auditors for program reviews, and law enforcement officials to help them look into violations of program rules.

Families eligible for free and reduced price meals may also be eligible for *Kid's Connection; Nebraska Children's Health Insurance Program*, a program that provides health care coverage for children up to age 19. For more information, call toll free, 1-877-632-5437.

Non-discrimination Statement: This explains what to do if you believe you have been treated unfairly. In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age or disability.

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer.

COMPUTING INCOME FOR SELF-EMPLOYED PERSONS

Individuals who are self-employed or engaged in farming may experience variations in cash flow and not easily report a monthly income. These persons may use their 2006 U.S. Individual Income Tax Return Form 1040 to report self-employment income for the free and reduced price meal application. The income to be recorded is income derived from the business venture less operating costs incurred in the generation of that income. Deductions for personal expenses, such as interest on home mortgages, medical expenses, and other similar non-business items are not allowed in reducing gross business income.

USDA has announced that **losses** (negative numbers) on the lines listed below can be used to determine the **total** income for this attachment. If the total income is a negative number, it must then be recorded as zero on the application in the category labeled "All other income."

Zero income resulting from the use of Form 1040 does not require follow-up.

Please note: Line 7 cannot be reported as current income. Income from wages or salaries must be reported on the application for the most recent month.

Lines 22 (total income) and lines 36/37 (adjusted gross income) may not be used for purposes of applying for free and reduced price meals.

The required information for determining the allowable income from self-employment is to be taken from the **2006 U.S. Individual Income Tax Return Form 1040**.

Line 12, Business Income (or loss)	
Line 13, Capital Gain (or loss)	
Line 14, Other Gains (or losses)	
Line 17, Rental Real Estate, etc.	
Line 18, Farm Income (or loss)	

NOTE: If any members of the household have income from wages or salary, the gross income from last month must be reported on the application form.

This attachment is used only to report income from self-employment and/or farming.

Total of above lines: _____ **equals Annual Self-Employed Income***

If the total of the above lines is a negative number, it must be changed to zero before it is transferred to the application.

* This figure is to be reported on the application under "All Other Income."

REQUEST TO PROVIDE MEDICATION DURING SCHOOL HOURS
Health Services Department
Lincoln Public Schools

IMPORTANT INFORMATION FOR PARENTS/GUARDIANS:

Your written consent is required **prior** to school personnel providing or administering medication to a child in school. By signing below, you acknowledge the following:

- If needed, the prescribing physician may be contacted by the school nurse for clarification on medication administration.
- Your child’s medication may be given by an unlicensed health technician, or by a nurse, or by other school health personnel deemed competent through training or supervision by the Registered School Nurse to provide medication as called for in LPS Medication Administration Guidelines (2006).
- The school health office should be notified promptly if there are changes in your child’s medication orders.
- A physician’s (or other licensed prescriber’s) authorization is required for medication to be provided at school for all prescription and over-the-counter medication products. The prescriber’s authorization may be on the pharmacy label attached to the bottle or, in the case of over-the-counter products, by separate prescription provided to the health office.
- All medication products must be sent to the school in the original container with label intact. Medications in bags or any other form of “home packaging” will not be accepted, due to safety considerations.
- Parents/guardians are encouraged to provide two weeks’ supply of medication.

APPLICATION FOR FEE WAIVER AND SHARING INFORMATION CONSENT

**Division of Instruction
Lincoln Public Schools**

FEE WAIVER REQUEST

The Nebraska Public Elementary and Secondary Student Fee Authorization Act allows fee waivers for students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs. The fee waivers give qualifying students the right to not have to pay certain student fees and to be provided with specialized materials for equipment to participate in certain activities. Specifically, the fee waiver applies to: (1) participation in extracurricular activities, (2) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free-lunch program or reduced-priced lunch program is not required to qualify for free or reduced-price lunches for purposes of this section.

The Board’s Student Fee Policy 5520 states: *Students or their parents are encouraged to request a fee waiver prior to participating in or attending the activity, and prior to purchase of the materials, and the Fee Waiver must be submitted prior to the conclusion of the activity.* To request a fee waiver, or to decline a fee waiver, complete the following:

- No! **I DO NOT** want a fee waiver for any programs or activities.
- Yes! **I DO** want a fee waiver. I request a fee waiver for the following (Note: Please describe the fee waiver, materials, or equipment requested, and the activity or course; failure to make timely request for a fee waiver for any fees, equipment, material, or instrument not listed may result in a fee waiver not being provided):

Student Name: _____ Student Number: _____

Activity or Course: _____

Describe fee waiver or materials or equipment requested, including amount if known:
