Osiyo!
Hello!

There are a great many educational and cultural activities available to students in the Indian Education program, but more than anything, we seek to help our Native students to be successful. Essential to being successful is being able to be comfortable in a new school environment. As part of our ongoing efforts to help our Native students to have as smooth and comfortable a transition as possible, The Indian Education staff would like to extend a special invitation to students entering kindergarten, or the 6th grade.

If your student will be a new kindergarten or 6th grade student at one of our elementary or middle schools this year, and you would like to make an appointment to see the school and meet some of the teachers or administrative staff prior to the start of the school year, then please contact Matt Scrapper or Kris Ross in the office of Indian Education and we would be glad to make the appropriate arrangements and accompany you on your visit!

Wado!
Thank You!

Matthew Scrapper and Kris Ross
